OPTION B

"Reflected Vanity"

2nd Floor Bath-Option B

Vanity with squared edges

2nd Floor Bath-Option B

Toilet stays where it is

2nd Floor Bath-Option B

Meeting Notes:

KITCHEN

- Looking at 36" wolf cooktop
- Likes the Beko fridge
- Was told they would need a 42" hood
- Doesn't need 3 stools at island- 2 in fine
- Likes the island in concept #2 better
- Likes where the trash is in island
- Prefers the fridge in the kitchen area
- Likes the wet bar area
- Loves the glass cabinets around the sink window
- Mentioned, they like green but the one we used is a little dark, likes teal.
- If they do wood floors, they would like to match their current ones
- Likes the grey/white veining countertops
- For hardware as of now they would like chrome
- Likes the storage under the windows
- Would rather the tall pantry with tall doors – wants items eye level as much as possible

POWDER ROOM (1ST FLOOR)

- Client asked for a floor to ceiling cabinet
- Likes the shower and the size
- Likes the idea of the pocket door
- They are undecided about the size of the washer and dryer they are getting

Meeting Notes:

MUDROOM

- Maybe add a bench with baskets and/or shelf for shoes.
- They would like bins for recycling – they do a lot of it.

2nd FLOOR BATHROOM

- Likes the toilet on the opposite side
- Likes the linen cabinet
- Likes option #2 vanity much better
- Jodi mentions Kohler levity shower doors but client does not like the metal striping on it
- Hooks or bars for hanging towels
- Maybe lower the niche – make it longer
- Add glass shield on both side of glass shower door to protect vanity
